Personal Care Services

Residents of our personal care unit here at Arbutus Park Manor receive the encouragement and assistance they need to develop and maintain maximum independence and self-determination.

We provide nutritional meals, shelter, and personal assistance/or supervision for 24 hours daily for those not requiring the services in or of a long term care facility. Tray services are only provided when a resident is unable to attend the dining room due to illness. This is a safety precaution in case the resident may choke.

We do provide: assistance/supervision in all areas of dressing, nutrition, bathing, evacuation of a resident in the event of an emergency, medication prescribed for administration by staff. Prescribed medication will only be given on the orders of a physician.

Staffing consists of licensed practical nurses, certified nurses' aides and personal care aides who are trained and certified in CPR, First Aid and Heimlich Maneuver. Staffing is regulated by the state on a one hour per resident per day allotment as the minimum amount of time staffing can provide.

A nondiscriminatory policy is followed without regard to race, color, religious creed, disability, ancestry, national origin, age, and sex.

We are in compliance with Federal, State and local statutes, ordinances, and regulations, especially those pertaining to fire, public health, civil rights, and protective services.

Personal Care is proud to be a part of the healthcare being provided here at Arbutus Park Retirement Community through OnSight Healthcare.

Healthcare provided consists of Vision, Dental, Podiatry, and Audiology. These in-house services will make it easier on residents, families, and staff attending them.

Doctors and staff of OnSight Healthcare have been specifically trained to provide a comprehensive scope of professional Vision, Dental, Podiatry, and Audiology services. With these services being provided in-house, Arbutus Park will no longer provide transportation/transport aide to outside appointments to doctors providing the above services. Families will be responsible to do so. OnSight Healthcare will bill for all the services provided according to the residents Health Insurance.

Admission to the personal care department of Arbutus Park Manor must be accompanied by a mobility screening performed by the staff in advance of admission. In addition a pre-screening assessment is performed. A medical evaluation must be performed and signed by a physician and then annually. We use a (2) step Mantoux system for checking for tuberculosis: a pneumovax is also required on admission or before entrance. We provide the flu vaccine on the order of the physician during the appropriate season.

The grounds for discharge or transfer of a resident from a home are for the following conditions:

- (1) If a resident is a danger to themselves or others.
- (2) If the legal entity chooses to voluntarily close the home, or a portion of the home.
- (3) If a home determines that a resident's functional level has advanced or declined so that the resident's needs cannot be met in the home. If a resident or the resident's designated person disagrees with the home's decision to discharge or transfer, consultation with an appropriate assessment agency or the resident's physician will be made to determine if the resident needs a higher level of care. A plan for other placement will be made as soon as possible by the administrator in conjunction with the resident and the resident's designated person, if any. If assistance with relocation is needed, the administrator shall contact appropriate local agencies, such as the area agency on aging, the county

mental health program, or drug and alcohol program for assistance. The administrator will also contact the Personal Care Home regional office.

Once admitted, and in-house assessment will take place two weeks after admission, followed by a support plan conference with the resident and family if so desired. The support plan will outline an individual plan of action to assist the resident. Ex: Vision, hearing, dental, mobility, medical. Adjustments will be made yearly and as needed.

Personal care services provide supervision or assistance with personal hygiene, oral hygiene, bathing, hair grooming, and shampooing, dressing, and care of clothing.

Assistance and supervision are provided with Activities of Daily Living including: eating, transferring in/out of bed/chair, drinking, toileting/bladder, ambulating, toileting/bowel, managing healthcare, personal hygiene/dressing, securing health care, turning and positioning in bed/chair. We do not provide total/permanent bed care.

Assistance and supervision are provided with Instrumental Activities of Daily Living including: personal laundry, shopping, securing and using transportation, financial services provided by the business office, using the telephone, making and keeping appointments, caring for personal possessions, writing correspondence/reading, engaging in social and leisure activities, using a prosthetic device, and obtaining clean seasonal clothing.

Staff will administer medications and injections per physician orders. The Personal Care staff will not accept any orders from the family. Order from a physician's office MUST be written on a prescription form or called by the physician's office to the charge personnel. No exceptions.

Arbutus Park Manor personal care does not provide dialysis, IV therapy of any kind, tube feedings of any kind, tracheotomy care/monitoring. If a resident falls and is more than 125 lbs. 911 is called to assist in picking up the resident, if the use of a lift cannot accomplish this task. Hospice care is determined on an individual basis in conference with family members.

We will, however, coordinate with the designated person to provide: Physical therapy, occupational therapy, lab studies, X-rays, Doctors appointments, or additional studies ordered by a physician, as well as coordinating transportation to/from dialysis.

We will monitor catheter care, colostomy care, oxygen usage, and NON self-care inhalation therapy.

Activities are provided on a daily basis to provide social, physical, intellectual, and recreational interaction amongst residents. Schedules are provided to each resident and published on each bulletin board.

All rooms are private with a bath. Basic furniture is provided. Residents are encouraged to bring personal items from home to make their stay more pleasant and familiar.

Rooms are arranged to provide safety. The rooms are cleaned regularly by the housekeeping staff. Handrails are positioned along the hallways for the convenience and safety of residents.

Fire drills are conducted monthly. Arbutus Park Manor is affiliated with the Richland Fire Department. A yearly evacuation is held under the watchful eye of the fire department, administration, and staff in accordance with regulations. Assistance is provided for those residents needing help to exit the building.

Chapel services are held every Sunday at 1:30 pm for residents of the Protestant faith. Catholic Mass is held the second Wednesday of each month and Communion is held every Wednesday, except the week of Mass. Rosary is after communion. Residents of the Jewish faith have services conducted by their Rabbi.

Personal Care- Summary of Financial Responsibilities

Purpose

The purpose of this policy is to provide all prospective residents with detailed information regarding their financial responsibility as it pertains to their Personal Care received at Arbutus Park Manor.

Policy

Arbutus Park Manor strives to educate all prospective residents on the financial responsibility that accompanies their Personal Care at the manor and the importance of planning ahead for future health care costs and expenditures.

This policy describes in detail the responsibility associated with the cost affiliated with their services at Arbutus Park Manor and the responsibility that is shared between Arbutus Park Manor, the resident, and/or the designated representative once financial resources are nearing exhaustion (as defined below).

Definitions

Resident- An individual who has been admitted to and who resides in a nursing home (facility) and is entitled to receive care, treatment and services.

Designated Representative- The agency or people, other than the resident, responsible in whole or in part for the financial support of the resident, including the costs of care in the facility.

Benevolent Care- Benevolent care assists community members residing in the manor who have outlived their resources and the ability to pay for their room and board. This fund helps to ensure compassionate and quality health care services for our residents during their lifetime as members of the Arbutus family. Generous gifts from churches, individuals and businesses support this program.

Admission Agreement- A signed contract that is executed during the admission process into Arbutus Park Manor.

Financial Resources Exhaustion- A resident reaches this threshold once their financial assets have reduced to \$2,400 and their monthly income is lesser than or equal to the cost of their room and board.

Procedure

I. Admission Agreement Execution

- Upon signing the Admission Agreement the resident and/or their designated representative is responsible for payment in full at the designated rate (as determined by Administration) for their room and board as well as any additional costs affiliated with their healthcare to include but not limited to their premiums, copayments, pharmaceuticals, durable medical equipment, etc.

II. Financial Resources Exhaustion

- In the event that a resident's finances are reduced to \$2,400 and their monthly income is lesser than or equal to the cost of their room and board, Arbutus Park Manor will accept the resident's income as payment for their room and board. The balance between the resident's income and the daily cost of their room and board will be subsidized by the Arbutus Park Manor Benevolent Care fund.

III. Additional Costs Incurred

- It is the responsibility of the resident and/or the designated representative to pay for any additional costs outside of what is covered by their room and board that is affiliated with their care at the manor to include but not limited to their healthcare premiums, copayments, pharmaceuticals, durable medical equipment, etc.

IV. Possible Cost Saving Options

- In the event that the resident and/or their designated representative is faced with financial challenges in paying for their healthcare costs, Arbutus Park Manor recommends considering the following:
 - Browse the marketplace to determine if there is a more cost effective Healthcare plan with lower premiums and/or copayments. (<https://www.medicare.gov/supplement-other-insurance/medigap/whats-medigap.html>).
 - Work with your physician to determine if there are generic alternatives available for your prescriptions.
 - Check with the pharmacy to see if a payment plan can be established for your prescriptions.
 - Review the Health Choices-PA guidelines to see if you qualify to apply for medical assistance to help offset the costs of your healthcare (www.healthchoicespa.com).
 - Connect with the the Cambria County Area Agency on Aging at (814) 539-5595 to determine if you qualify for additional cost saving services.

V. Misrepresentation of Financial Information

- It is imperative that all incoming residents accurately disclose their financial information upon executing the Admission Agreement. In the event that there is evidence leading to the contrary an Administrative Review will take place.
- During this review, if it is determined that the financial information for the resident was inaccurately reported by the resident and/or the designated representative- administrative actions will be taken up to and including the termination of the Admission Agreement and removal of the resident from Arbutus Park Manor.

You have taken the first step to Arbutus Personal Care Living by inquiring, touring, and talking about your plans with your family. Now comes the difficult part, what to do with the house and, what can be even more overwhelming, what to do with everything inside that house. Often, this is the question that stops the move in its tracks. But, it shouldn't. With some planning and help from friends and family, the process can be easy and even enjoyable as you find yourself passing along your treasures to the next generation, or making donations to help those in your community.

Follow these guidelines to help you "get moving"

1. Get the dimensions of the new space. This will help you decide which pieces of furniture will work best in the new space. Bringing a huge china cabinet or large couch isn't the best idea to make the most of the new smaller space. It's important to bring furniture and pictures to make the new room feel as comfortable and homey as possible; however, you don't want to pack so much into the space that it's uncomfortable or hazardous.
2. Decide how items not being moved will be handled. Many people finance their long-term care by selling their home. Make sure you have a plan for the items that will not be moving into your new room so you are at ease and have a say about what will happen to your belongings.
3. Get Help; a family members or even a Senior Move Manager. This can be a lot for one person to take charge of and many items in the home may have sentimental value to you and your family. Siblings, children, grandchildren and friends may be able to help with the move and see if there is anything special they'd like to keep. Develop an overall move plan by customizing the new room, arranging for disposal of unwanted items, organizing the movers, etc.
4. Have an estate sale. Estate sales are very popular and can draw a big crowd. There are many agencies who will organize and run the estate sale for you in exchange for a percentage of the sales. Any items left behind at the end of the sale are often donated to charity. Estate sales are a great way to quickly downsize items that you will no longer need and make some extra money.
5. Decorating to ease the transition. Decorating the room so it looks very similar to your bedroom will help minimize confusion and create a sense of comfort.
